Hi. We are working with our IT group to find records before our system change over in 2013. This is proving to take more time than we anticipated. Therefore, we are requesting an extension through Friday, November 6---if possible. Sorry! We have new employees and the manager who is out on short term disability. I am pulling out all the stops and hope to send things your way tomorrow. But, just in case I do not get what I need from our archives, it would be helpful to have a couple of extra days.

Thank you,

Alicia

Hi Mark. Hope you are well.

I would like to speak with you in order to clarify a few things before I send the info over to you. When is the best time to speak with you?

Cordially,

Alicia
